Dear all,

As requested, attached is a somewhat lengthy summary of material in advance of tomorrow's discussion of the status of the PAH RPF Approach. Excerpts from the March 2011 SAB comments are shown and highlights indicate where the EPA team still has work to do in order to address the panel's recommendations.

If you haven't already, please let me know if your schedule would allow shifting the meeting time to 3:00-4:00, starting ½ hour earlier.

Thanks!  
Margaret
